

EXTENSIONS OF REMARKS

HONORING MR. RICHARD MORRIS BIGGS

HON. PAT FALLON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Mr. FALLON. Madam Speaker, I rise today to recognize the honorable life and work of a beloved Texan, Mr. Richard Morris Biggs. Mr. Biggs passed away on February 14, 2021, after a full life of almost 77 years.

Richard Biggs was born in Garden City, Michigan on February 15, 1944 to the late Albert and Mae Smallwood Biggs. One of Mr. Biggs' proudest moments was playing basketball for Weatherford College and East Texas State University. He was the owner of Autumn Homes, and held an office with the Realtor Association. Richard is survived by his wife, Helen Biggs; children, Brenna Smith and husband Dave Jr., Brian Biggs and wife Karen and Anissa Smith and husband James; 10 grandchildren and 10 great-grandchildren. He will be dearly missed.

Madam Speaker, I ask my colleagues to join me in honoring the life of Mr. Richard Biggs. His life was one of service and love for his family and friends. He will be missed by all he came across, and his legacy will be remembered for years to come.

PERSONAL EXPLANATION

HON. JACK BERGMAN

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Mr. BERGMAN. Madam Speaker, I was unexpectedly detained during vote proceedings. Had I been present, I would have voted: YEA on Roll Call No. 61, and NAY on Roll Call No. 62.

RECOGNIZING BART WEISMAN AND HIS SERVICE TO THE SOUTH FLORIDA COMMUNITY

HON. THEODORE E. DEUTCH

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Mr. DEUTCH. Madam Speaker, today, I rise to honor Barton David Weisman for his years of service to our country and the South Florida community. Barton, known by most as Bart, was born in 1927 in Philadelphia, Pennsylvania and moved to South Florida in 1976 where he currently resides with his wife Shirley. They have two children and five grandchildren who keep them busy in addition to their successful business and philanthropic activities.

In the midst of World War II, Bart enrolled in the ROTC program at Lehigh University and

later joined the New York National Guard. Bart was deployed to Korea as part of a medical unit with Company K, 47th Infantry Regiment which saw extensive combat. Bart was promoted to 1st Lieutenant and received numerous awards for his military service, including the Army of Occupation Medal for service in Japan, the Korean Service Medal, the UN Service Ribbon, and the Combat Medical Badge.

Following his military career, Bart started a company providing long term health care services to children and seniors. The company grew from what was originally one nursing home in Bristol, Pennsylvania to operating facilities in New Jersey and Florida. Bart's company continues to be a family-run business with both his son and grandson working there.

Bart and Shirley have dedicated themselves to sharing their success with their community through various philanthropic activities. They focus much of their efforts with Jewish Family Services and their most recent endeavor is the Shirley and Barton Weisman Delray Community and Senior Center in Delray Beach, Florida which provides an array of vital services and resources to the area's seniors.

Madam Speaker, I ask my colleagues to join me in recognizing Bart Weisman, and his service to the South Florida community and Florida's 22nd Congressional District.

RECOGNIZING THE FRONTLINE HEALTHCARE WORKERS OF SOUTH DAKOTA

HON. DUSTY JOHNSON

OF SOUTH DAKOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Over the past year they have faced challenges most of us cannot even imagine. They have shown incredible resolve in the face of adversity. They have shown us all how to seek positivity and hope in each day as we weather the storms that come our way.

I couldn't be more thankful to represent the incredible people across South Dakota and all over the nation who work hard each day, not for fame, not for recognition or for money, but for the betterment of their communities. This is what makes America strong. I am grateful for the opportunity to recognize these hard-working individuals.

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Mr. BRADY. Madam Speaker, I apologize for missing these votes, I was unable to be present. Had I been present, I would have voted NAY on Roll Call No. 63 and NAY on Roll Call No. 64.

WILLIAM (BILL) ALEXANDER
MCKEE

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize William (Bill) Alexander McKee of Golden, Colorado who passed away on February 7, 2021.

Bill was born in Lake Forest, Illinois and grew up in Barrington, Illinois. He graduated from Barrington High School in 1970 and went on to graduate from the University of Denver in 1974 with a B.A. in Political Science. In 1977, he received a Masters of Urban Affairs with an emphasis in Budgeting and Administration from the University of Colorado.

In 1979, Bill began his career with the Colorado Department of Health and Environment in the Water Quality Division. During his 26 years at the department, he worked to protect the rivers, lakes and streams of Colorado. Whether working with grants, permits, regional planning, nonpoint source pollution or as the Upper Colorado Watershed coordinator, Bill realized water pollution was about all of us working together and influenced how various jurisdictions were expected to comply with the Clean Water Act.

Bill met his wife Suzy through common friends in 1978. They married in 1979 at Pine Valley Ranch in Pine, Colorado and moved to Golden, Colo. soon thereafter. During his 38 years in Golden, Bill was constantly working to

improve his community. Bill embraced Golden, as he did water. He served from 1988 to 1996 on the Golden Planning Commission and was elected to the Golden City Council from 1996 to 2004. Bill's time on both city council and the planning commission coincided with important changes in the history of Golden. Alongside fellow city leaders, Bill worked to revitalize downtown and bring more business and tourism to Golden. Many of Bill's lasting contributions were to the boards and organizations where he served, such as his tenure as president of the Friends of the Golden History Museum and Park. Bill helped shepherd this organization from a volunteer organization to the professionally run museum it is today. For many years, Bill also volunteered for the Leadership Golden Alumni Association Board.

In 2003, Bill joined the board of the Colorado Watershed Assembly. He served on the board for 10 years and as the chair for four years. Bill helped grow the yearly Sustaining Colorado's Watershed Conference into a top-notch multi-day event. He was a guiding force, a natural leader, and he saw the value of a statewide conference for watershed groups, private and government sectors, and concerned citizens to gather and share their mission of ensuring clean water for all Coloradans.

Bill loved spending time with his family, gathering with close friends, hiking with his faithful dog Grace, attending local ribbon cuttings, attending meetings, attending more meetings, following our local sports teams, reading the Denver Post daily, skiing the steeps, golfing, biking, playing the guitar and occasionally his flute, making the best spaghetti sauce ever, enjoying quality scotch while smoking a cigar around the fire, whistling, singing to the radio, spending time in the mountains of Colorado, and traveling.

Bill was a devoted husband and loving father and grandfather. He is survived by his wife, Suzy McKee, their children Meredith McKee, Gregory (Kari Hogan McKee); and grandchildren, Frances, Ace, and Mac McKee. I appreciate and thank him for a lifetime of service to our community.

INTRODUCTION OF THE NATIONAL CHILDREN'S MUSEUM ACT

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Ms. NORTON. Madam Speaker, today, I rise to introduce the National Children's Museum Act, which would require the General Services Administration (GSA) to enter into a cooperative agreement with the National Children's Museum (NCM), a congressionally designated museum, to allow the museum to remain in the Ronald Reagan Building and International Trade Center, a federally owned building in the nation's capital, without charge for the duration of its existing lease. The National Building Museum operates under such an agreement. Last Congress, on November 17, 2020, the House passed this bill by voice vote.

This bill would allow the NCM, the nation's first combination children's museum and science center, to remain centrally located in the nation's capital for the benefit of the mil-

lions who visit and live in the District and the national capital region (NCR). Originally named the Capital Children's Museum, the NCM was a staple in D.C. for decades. The institution opened in 1974 in a former convent on H Street Northeast.

In 2003, Congress recognized the immense value in having a children's museum in D.C. and officially designated the museum as the NCM. Now, the museum is bringing new and innovative science, technology, engineering, arts and math (STEAM) exhibits to the nation's capital, building on more than 30 years of educating D.C. children and families. Despite the many benefits it brings to the nation's capital, the NCM is an outlier. It is the only congressionally designated museum expected to pay rent in a federal building.

Importantly, this bill would relieve concerns about the ability of the NCM to survive the coronavirus pandemic. When the museum reopened last year in the Ronald Reagan Building and International Trade Center, it immediately attracted many visitors from throughout the NCR and the nation, but was forced by the coronavirus pandemic to close 18 days later. At this time, the museum remains closed until further notice. Still, the museum has continued to offer valuable STEAM resources to our children as they navigate these new challenging learning circumstances, including over 75 at-home experiment and project video programs, monthly podcasts, virtual field trips and a Climate Action Heroes Digital Exhibit, among other resources.

This bill would allow the NCM to remain centrally located in the nation's capital for the benefit of the millions who visit and live in the District and the NCR.

I strongly urge my colleagues to support this bill.

HONORING CARLEY DEERY AS IOWAN OF THE WEEK

HON. CYNTHIA AXNE

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 2021

Mrs. AXNE. Madam Speaker, I rise today to honor Carley Deery from Carlisle High School as Iowan of the Week. Carley is a senior at Carlisle High School with a passion for animals. Her father David Deery is a senior fire medic at Des Moines Fire Station No. 3. He told his daughter a story of resuscitating a dog from a house fire using a pet oxygen mask. Carley soon learned of the lack of resources in having these specialized masks available to first responders in Polk County. This story and her passion for animals inspired her to launch a campaign to purchase much-needed pet oxygen masks for area ambulances.

Carley immediately went to work with her family: baking and selling dog treats, creating an online fundraiser and ultimately teaming up with the ARL to meet her goal of every ambulance in the metro area having a pet oxygen mask. Recently, she was able to present a check for more than \$2,000 to help make the goal a reality. Her work didn't stop there. Carley has continued her effort of not only masks, but assisting the ARL in providing housing, food and medical care to animals who need assistance after a disaster.

As an animal lover myself Carley's story is inspiring and a testament to how important our
